

## STUDENT TRANSPORTATION RELEASE

### RIDER AUTHORIZATION

Students who wish to ride with another student to APPLE Project Upward Bound Sessions in a private automobile must return the following form and receive authorization from the Project Director prior to doing so. Due to insurance factors, permission will only be granted when the student is unable to use the transportation provided by the Project to and from the student's school. Our policy states that all APPLE Project Upward Bound students will use the transportation provided and that anyone who drives or rides in a private vehicle without first gaining approval from both the parent or guardian and the Project Director may be dismissed from the program. APPLE Project Upward Bound provides transportation to and from all schools except Batesville High School, which only has pick-up transportation.

---

As the parent/guardian of \_\_\_\_\_, I give permission for him/her to ride to APPLE Project Upward Bound Sessions at Lyon College with \_\_\_\_\_ in his/her private vehicle, pending approval from the Project Director.

**Dates for which rider authorization is requested:**
